

# ***Writing About The Brain (ME: 440.723)***

Neuroscience Graduate Program Elective Course

**Duration:** January 5 – March 1, 2012

**Time:** One meeting per week, Thursday, from 2:30 – 5:00 PM

**Location:** 903 WBSB

**Course Instructor:** David Linden (410-614-1529; [dlinden@jhmi.edu](mailto:dlinden@jhmi.edu))

**Course Description:** The goal of this course is to train working neuroscientists to effectively and clearly communicate ideas about nervous system function to a general audience. We will develop, research and write both news and feature-length stories that shall be presented, critiqued and revised each week in a workshop format. In addition we will read and analyze writings about neuroscience and interact with guest science writers.

**Prerequisites:** Neuroscience and Cognition I or equivalent and approval of instructor. Enrollment limited to 10 students.
